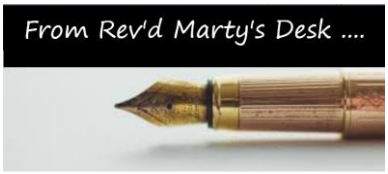
I hope you enjoy reading our latest edition of St. James' church newsletter. A lot has happened both inside at 130 Thames St. S and outside of our actual church building since our last issue in May. Thank you to all who have submitted reports for this newsletter. Hope to see many of you this fall as we return to regular parish events!
Your Newsletter Editor - *Veronica*



Dear Sisters and Brothers,

For many of us, July and August are our 'getaway' times. Times to travel, to visit family and friends, to enjoy the warm weather, fellowship, the great outdoors, and create some joyful memories. It provides us a time to get away from our busy schedules and to rest and renew ourselves.

Often, that also means time away from home and our parish family. It may also mean time away from Church and God. Our lives are filled with so many obligations, demands and distractions that we have no choice but to prioritize our activities and try to squeeze 28 hours into a 24 hour day. And often it is our time with God that ends up getting short-changed or cut out of our selections. Renewing our spiritual selves is just as important as renewing our physical selves.

As autumn rapidly approaches, and we begin a new Church season, we look forward to gathering together again in worship, fellowship, and service. Whether you have been away, or here throughout the summer months, may this be a time of renewed faith, joyful fellowship, and blessings as we continue our journey together.

Vestry Update

On Sunday August 30th a Vestry Meeting was held following our regular worship service. There were 28 people in attendance for the meeting. The following motion was presented, discussed and voted on. It was passed unanimously.

WHEREAS St. James Anglican Church, Ingersoll, is committed to responsible stewardship of its property in service of both its mission and the wider community;

WHEREAS the second floor of the parish building represents an underutilized asset with potential to address the pressing need for affordable housing in Ingersoll;

WHEREAS the Vestry wishes to explore this opportunity through a rigorous, transparent process before making any binding commitment;

BE IT RESOLVED THAT the Vestry of St. James Anglican Church, Ingersoll, authorizes the engagement of Relèven Realty Brokerage Foundation, at a cost not to exceed $15,000, to create the required documents and to conduct a Request for Expressions of Interest (REOI) to identify a qualified developer partner to create affordable housing on the second floor of the parish building;

***BE IT FURTHER RESOLVED THAT** the $15,000 fee shall be credited against any listing-side commission owed by St. James, up to that commission amount;*

***BE IT FURTHER RESOLVED THAT** the results of the REOI shall be brought back to Vestry for review and further decision before any agreement with a developer is finalized, and that no binding commitment beyond the REOI process itself is authorized by this motion.*

Relèven's Managing Director, Cory deVilliers, was contacted the following day with the results of the vote. The Diocese of Huron has also been informed and Relèven is now taking "next steps" on behalf of St. James' and the Diocese to find an interested developer who would like to be part of our vision.

RELÈVEN
GIVING RISE TO COMMUNITY

Prayer for Guidance and Discernment

Heavenly Father, We seek Your wisdom and guidance as we consider the development of our upper floorspace. We pray that You give us clarity, discernment, and patience to recognize the direction that You are leading us. Help us to make decisions that honour You and serve Your Church and the community in which we serve.

We also pray for our partnership with Relèven. Lead them clearly as they explore and seek the right partnership for the development of this space. Open the right doors, bring the right people and opportunities together, and close any doors that are not part of Your plan.

We pray You give everyone involved a shared sense of unity, wisdom, and purpose.

May this space ultimately be used in a way that reflects Your will and brings about blessings to us and to our community.

In Jesus' name, Amen.

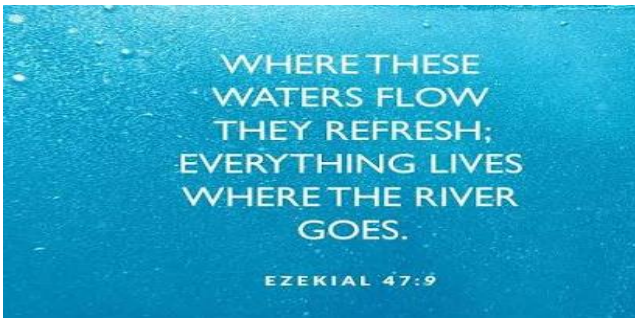
Living Water

Season of Creation 2026

IMMERSION IN LIVING WATER

Ezekiel 47:9, 12



Each year from September 1 to October 4, the Christian family unites for this worldwide celebration of prayer and action to protect our common home. It is a special season where we celebrate God as Creator, and acknowledge Creation as the divine continuing act that summons us as collaborators to love and care for the gift of all that is created. As followers of Christ from around the globe, we share a common call to care for Creation. We are co-creatures and part of all that God has made. Our well-being is interwoven with the well-being of the Earth. We rejoice in this opportunity to safeguard our common home and all beings who share it with us. This year, the theme forth Season is "Living Water.

Our symbol for 2026 - Immersion in Living Water - is a symbol of renewal and birth: water flowing from the Temple as a sign of God 's caring and healing for us. We are called to step into the water, until we are so deep that we must depend on God's grace to sustain us. Those who receive this water are invited to become sources of life for others, allowing God's love to flow through them into the world. And thus the water of God will become in us "a spring of water welling up to eternal life", as Jesus promised (John 4:14).

The Symbol invites Christians to a spiritual immersion – praying together while contemplating water from rivers, sources, fountains, baptismal fonts, lakes and sea, inspired by the Spirit of God, working together for the renewal of Creation.

This Symbol also urges us to dive into the "tears" of creation (Romans8:22-23), by allowing our hearts to be touched by the suffering of our brothers and sisters. Indeed, the Season of Creation is also an appropriate time for fraternal closeness and solidarity with the vulnerable and the poor, chiefly those who suffer from environmental degradation. We can learn from their stories, from their resilience, from their commitment, and together keep hope alive.

Call to Action

Our Father calls us to accept His love (1 John 4:19). Welcoming that love as daughters and sons, through a continual conversion of mind and heart, is our lifelong calling. If we choose to step into the true living water, we can contribute to a more just and life-giving world for the

entire human family as well as for non-human creation.

Food security: Ezekiel's prophecy speaks of trees that "bear fresh fruit every month" (Ezek 47:12). We are called to shape and influence our policies and practices so that all people have access to nourishing and safe food, so that the fruits of biodiversity are shared equitably. Churches can also promote greening projects which reflect Christian values on their own land, and/or equip their members with skills to grow some of their own food.

Water pollution: We are called both to refrain from and to denounce harmful pollution, while at the same time urging governments, local authorities, industry, and agriculture to act responsibly and protect water sources.

Water and sanitation: Many of our brothers and sisters still lack regular access to safe drinking water and sanitation. Therefore, we must act so that households, schools, healthcare facilities, and places of worship — including churches and parishes — have access to clean water and proper sanitation.

Environmental education: Parents, catechists, clergy, and faith communities are thus called to foster a holistic care for creation —human and non-human alike — drawing not only on technical knowledge, but also on relationships, ethics, and spiritual formation.

Drawing spiritual inspiration from Creation: Through contemplation of the natural world created by God (Job 7–12), we are invited to move from domination to humility, from exploitation to care, and from short-term profit to long-term flourishing. This transformation is both spiritual and practical, requiring a rethinking of values, economic systems, and educational priorities.

Tree growing: Many churches now link tree planting to key moments of faith such as baptism, confirmation, and funerals. Let tree growing become an integral part of our spiritual lives. Trees absorb carbon

pollution, prevent erosion, reduce flooding, provide food and medicine, and cool urban environments — they truly bring healing to the nations.

Caring for our oceans— our "Blue Lung" — which face rising threats from waste discharge, overfishing, pollution, and deep-sea mining. Life and biodiversity beneath the waves must not be treated as out of sight and out of mind. May educators help our communities see and value these marine worlds. May government leaders act with courage to protect marine biomes and livelihoods. And may we choose guardianship that keeps the Blue Lung breathing for generations.

Ecosystem and biodiversity restoration and protection: We are called to restore land in our churches, homes, and communities. There are many initiatives which we can engage with : a Decade of Climate justice has been declared by both the World Council of Churches and the World Council of Reformed Churches ; there are online platforms such as Laudato si' Action Platform, Anglican Communion Forest and national programmes such as Green Church - Eglise Verte or EcoChurch - A Rocha International.
Let us overcome our fear and step into the water of God's love - to be part of the River of Transformation for the world, to see the literal healing and renewal of creation and the blessing of the Earth.

SEASON OF CREATION 2026 PRAYER

Living Water Holy God, whose Spirit hovered over the waters at the beginning, we gather as part of your community of all creation, thirsty for your grace. We give thanks for the gift of water, the veins of our common home, that sustains the cedar and the whale, the pasture and the city. We are grateful for the local waters that nourish our homelands and our fellow creatures. We give thanks that in your well-watered garden, every drop is a sacred testament to your love. Yet, we confess that we have treated this gift as a mere commodity. We have choked the seas with our waste and watched the warming tides rise in judgment. We lament the cracked earth of the drought-stricken and the salty tears of the climate refugee. Melt our frozen hearts, O God, and let the waters of repentance flow. Lord of all Life, you promised that wherever the river flows, everything shall live. Stir in us a calling to care for the waters — to protect the watershed, defend the rights of water, and honor the dignity of the thirsty. May your Word be a spring within us, gushing forth for the healing of the nations. May God our Father who brought water from the rock sustain us in the desert. May Christ our Lord who is Living Water refresh us for the work of restoration. And may the Holy Spirit carry us on currents of grace until justice rolls down like waters and righteousness like an ever-flowing stream. Amen. For more information click on the link below-

Sunday School is Back!

We are happy to announce that St. James' is offering Sunday School every week at our 10:30 am service. Sunday School will begin in the church at 10:30 am with Reverend Marty welcoming everyone and having a children's focus talk, or Kristy, our music director leading the kids in a song.

After this brief interaction, the children will leave and go into the Meeting Room to engage in a bible story, crafts, games, short videos, and perhaps some additional songs with either Pat or Veronica or both of us!

This fall we will take a look at many of our favourite Old Testament Bible stories. At least one Sunday a month, our Sunday School kids will remain in church but we will have smaller tables set up at the back of the worship room with "quiet" activities for them to engage in.

If any additional high school students would like to assist, we would welcome them. This is a great opportunity to bring their experiences and thoughts to the Sunday School classroom, and earn some valuable volunteer hours. We would also appreciate the leadership skills of some of our grade 6,7, and 8 students.

All children ages 2 and up are encouraged and welcome to attend. We will have some nursery school toys set up for the wee ones!

Church Calendars

If you would like to place an order for the 2027 annual Canadian church calendar please speak to Susan Winlaw at church or call her at 519-532-7852 or email susan@bampress.com Price will be set depending on how many weirder. It will most likely be same as or maybe 50 cents more than last year. So ... less than $10. They are always lovely.

ACW News (continued)

ACW ladies will have a group meeting when I get back from the Presidents' Conference in Grande Prairie, Alberta. I will schedule it upon my return - estimate October 14 or 21 (morning).

Ladies of St. James –

We have had one meeting a few weeks ago to discuss the monies that Donna Hunter left for us to spend. We covered the three main areas of her focus and love and have been seeking more details on needs and costs of some items. We are still awaiting a few $$ figures.

We'll have another gathering (possibly after church September 20) to provide more information and start to spend the money. We know we will be doing fabrication replacement for the top of one of the cloths draping the Altar (professional seamstress will be used), purchasing a few new Purificators (cloths that wipe the Chalice during Communion), purchasing a cupboard to go into the Servery room to hold the various table cloths we have for events), and, dis-assembly of one of the hanging historical quilts into segments and having them mounted inside specialty frames for preservation and for display inside our building.

We are unable to mount the quilts onto the walls with their size and would be unable to protect them from touch. Separate framing and mounting will expose them and protect them and can provide stories of our history.

Thanksgiving Saturday Concert

We are pleased to announce that the terrific musical duo, The Paddy Stones, will be returning to St. James' Church in Ingersoll for a matinee concert on Saturday October 10th. This Thanksgiving weekend concert follows up the Celtic concert that the Paddy Stones performed last spring. It was immensely successful and left audience members wanting more! So we are pleased to present this duo again who will not only entertain you with a vast selection of tunes but will make you "thankful" that you live in such a great community. This is a fundraiser with proceeds going to the Ingersoll and District Inter Church Association and to St. James' Church.

The Paddy Stones are two acoustic guitar playing gents who have entertained crowds over the years at highland games, pubs, restaurants and private parties. They play pub favourites from Ireland, Scotland, the East Coast and Sea Shanties with plenty of song variations. Rick and Dan love to get the audience involved and ensure that attendees have a great time. They will post the words of many of the songs so all can see and sing along.

This special Thanksgiving concert will begin at 2 pm. There will be an intermission where seasonal Thanksgiving treats will be available.

Tickets are $25.00 and are available by calling the church office at 519-485-0385 ,or by emailing the church office at stjamesingersoll@gmail.com . Come and join us for a fun autumn musical afternoon and help us raise funds for the Christmas hamper program for Ingersoll.
